

# Setting Up Application Environment

## Docker Installation

Date	20 Nov 2022
Team ID	PNT2022TMID07083
Project Name	News Tracker Application

### Step 1:

Go the official Docker website:

<https://docs.docker.com/desktop/install/windows-install/>

### Step 2:

Click that button (Docker Desktop for Windows) and download will start and it takes a few minutes to complete.

### Step 3:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to the download page and double-click the particular docker file.

### Step 4:

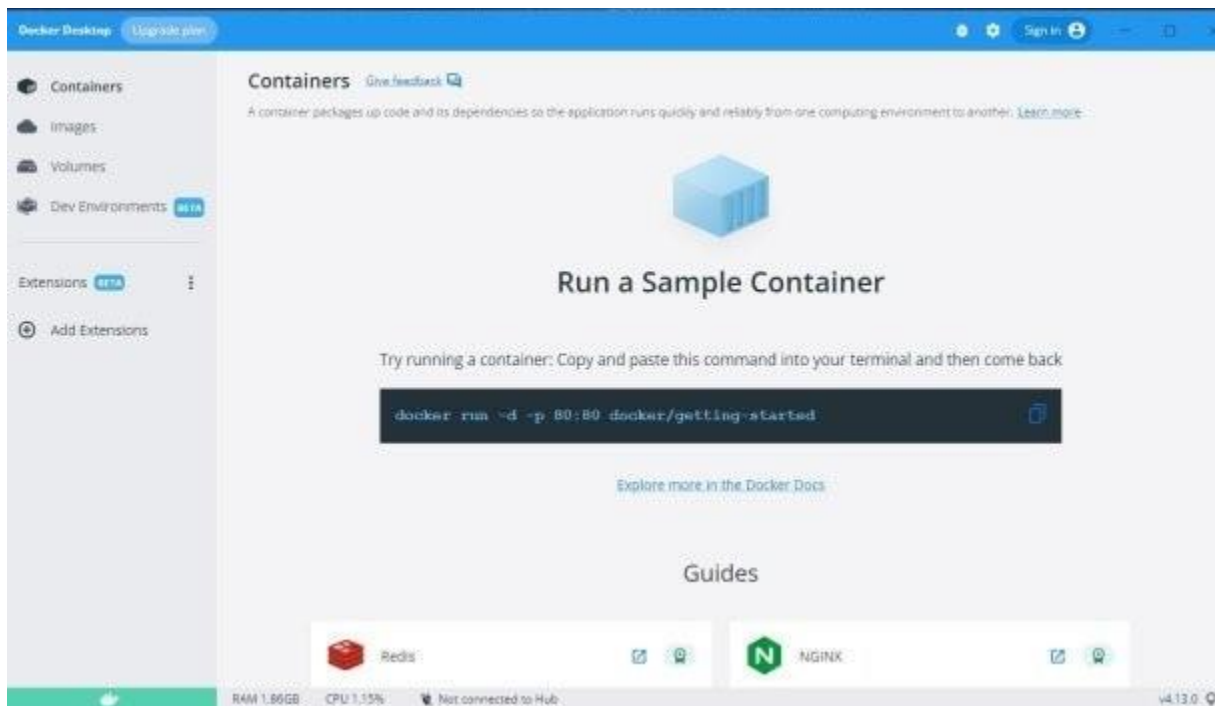

While Installing it will take some time to complete the installation.

After that , Installation is complete. This icon was added to your desktop.  
Double-click the icon to start the docker app, you can register and login that app  
to access those credentials.

## Step 5:

Docker will start correctly, the left bottom side was shown in green color,  
docker will show the status of docker app working successfully.

## Step 6:

The screenshot shows the Docker Hub account settings page for the user 'manidocker2407'. The page has a blue header with the Docker Hub logo, a search bar, and navigation links for Explore, Repositories, Organizations, and Help. The user's profile is shown with a fingerprint icon, the username 'manidocker2407', and the text 'User' and 'Joined November 18, 2022'. Below the header, there are tabs for 'Account Settings' and 'General'. The 'General' tab is selected, showing a sidebar with links for General, Security, Default Privacy, Notifications, Convert Account, and Deactivate Account. The main content area has two sections: 'Email Address' and 'Change Password'. The 'Email Address' section shows the email 'selvamanisoundar24@gmail.com' with a 'Verified' status and an 'Edit' button. The 'Change Password' section has a 'Current password' field with masked characters.
